Women’s Recognition Awards & Women of Distinction Calendar Call for Nominations
The Center has combined the Women of Distinction and Women’s Recognition Awards into ONE CALL for nominations in order to enrich the pool of candidates for both programs while streamlining our award nominations process. To nominate a woman for both (or either) award programs see the link below. This year there is an online and print version for your convenience:

It has been a little while since the Center has sent out a newsletter, so we wanted to update you all, our loyal friends, about what we have been up to since we last met. Over the past year the Center has moved to 4024 Wescoe, added three part-time undergraduate student assistants, saw our Assistant Director leave for a new adventure, initiated a search for a new Assistant Director, and brought several undergraduate and graduate student interns on board.

There are a lot of great things going on at the Center and we can’t wait to share them with you all throughout the semester, but here’s two great things to start. One of the new student assistants, Sam Eastes, devotes his time to working with men and masculinities. And one of the student interns, Erica Davis, is conducting research into the opportunities and support for women of color at KU. It is truly an amazing time here at the Center, full of change, new ideas, and energy. Stay tuned for more information about events, programs, and opportunities!
